

CORE/STRUCTURED TOPICS FOR CYCLE SEVEN:

CORE/STRUCTURED topics specify the areas of learning for each Continuing Education Cycle as approved by the ALBNL. The content of learning modules promoted as CORE/STRUCTURED Programs under the ALBNL Continuing Education must fall within one of the CORE/STRUCTURED topic areas.

All distance learning modules to be considered for CORE learning must include an interactive component.

CORE/STRUCTURED topics for Cycle Seven are:

- Architectural Design
- National Building Code
- Heritage Buildings/Restoration
- Practice Management
- Project Management
- Risk Management
- Sustainable Design/Green Architecture
- Architectural Culture
- Legal Issues affecting Architectural Practice and Construction Industry
- Energy and Environment

If you have any questions, please contact the Association office at your convenience.
