Report from the Chair

Architects Licensing Board of Newfoundland and Labrador
9th Annual General Meeting
November 16, 2018

It has been an honour to serve as interim Chair of the Board, following the resignation of Jim Case, whose tireless efforts I would like to acknowledge at this time. I would also like to thank all the Board and Lynda Hayward for their continued support and dedication.

The ALBNL 2018 Board members included:

Greg Snow, MRAIC, NLAA, Interim Chairperson and Registrar
Paula Pitman, NLAA, Finance Chair
Paul Chafe, NLAA
Taryn Sheppard, NLAA
Richard Symonds, NLAA
Louise Pinsent-Parsons, Lay Appointee
Jackie Manuel, P.Eng., Lay Appointee
Lynda Hayward, Hon. MRAIC, Administrative Director

Ongoing Issues

The Board has been kept busy again this year with the usual business of renewals, new applications, and coordinating our efforts with the other Regulators and Canadian Architectural Licensing Authorities (CALA) in items of mutual concern.

One of the main issues that carries on this year is the so called “overlap” of architectural services into the scope of the engineering profession. As highlighted previously, government had changed their *Guidance Document for the Submission of Building Plans and Specifications* in 2017 to allow “an engineer skilled in the work concerned” to stamp architectural drawings. PEGNL also seems to be continuing with the view that architectural work can be stamped by engineers. The Board was given the mandate this year to further pursue this issue with the goal of influencing a change in government’s and PEGNL’s position. The committee charged with this task, consisting of Paul Blackwood and Sandy Gibbons, have been diligently working with our Lawyer, Richard Gosse, to make a case. We now have a further legal opinion, which we believe can be used to advance the cause. As neither Paul nor Sandy were able to be present at this AGM, we are planning to hold a special general meeting for the committee to present their findings and to solicit feedback. This meeting is proposed to take place in January.

As a response to the ongoing problems with the RAIC continuing education reporting portal, the ALBNL is working on introducing a more user-friendly interface that has been developed and adopted by the other Atlantic provinces.

Due to further review and consideration, the Board has revised the Practice Bulletin now titled "PRACTICE BULLETIN: Project Succession Guidance". The revision to this document, we believe, better reflects the intent of the Architects' Act in terms of a license holder's responsibilities in taking over a project.

Respectfully Submitted,

Registrar's Report

Architects Licensing Board of Newfoundland and Labrador
9th Annual General Meeting
November 16, 2018

I have been honoured to continue in the role of Registrar again this year. I would like to thank all the Board and Lynda Hayward for their continued support and dedication.

With respect to our current membership, the number of licence holders is up slightly. Internship numbers remain strong.

Our membership (as at September 30) is as follows:

License Holders:	154
Intern Architects:	6
Associate Members:	3
Retired Members:	4
Leave of Absence:	2
Life:	3
Student Member:	<u>1</u>
Total:	173

I would also like to congratulate Jessica Stanford and Nicholas Herder on recently becoming licensed.

National Update

As your ALBNL representative for the Canadian Architectural Licensing Authorities (CALA), I am pleased to report that we continue to work together in a constructive manner. We most recently met in Montreal in October and had a very productive meeting. The following are some of the highlights:

- The **Canadian Architectural Certification Board (CACB) National Standing Committee** proposed some changes to the "CACB Members Agreement" with respect to BEFA eligibility requirements as well as academic certification for graduates from schools of architecture. The committee also provided an update on the **Broadly Experienced Foreign Architect (BEFA) Program** and noted that numbers remain consistent and currently in line with the budget. This program is in its sixth year.
- The CALA Regulators engaged in a "Future of the Profession Workshop", in order to get feedback on the next steps in developing an **Architecture Policy for Canada**. The feedback was very positive and there was general consensus for the subcommittee to move to the next phase of this project, subject to final approval by the Regulators.

- The **ExAC Committee** reported that 677 candidates were registered at the ExAC 2018 sitting. This year will mark the 11th year of the exam. The Committee continues to develop and improve the exam with new material.
- The latest good work of the **International Relations Committee (IRC)** has come to fruition with CALA's signing of the MRA with **Architects Council of Europe (ACE)** at a signing ceremony in Montreal, and ratification is expected in the new year. The **Canada-USA MRA** carries on, with a current 40 US signatories on board. There was a **Tri-national** (Canada/USA/Mexico) meeting last January and there was general support from FCARM, NCARB and IRC in maintaining this agreement, with an eye to ongoing trade negotiations between the countries. The **APEC Tri-National MRA** (Australia/Canada/New Zealand) remains in place, with a small amount of activity reported this year.

Respectfully Submitted,

INDEPENDENT AUDITOR'S REPORT

To the Members of Architects Licensing Board of Newfoundland and Labrador

We have audited the accompanying financial statements of Architects Licensing Board of Newfoundland and Labrador, which comprise the statement of financial position as at September 30, 2018 and the statements of revenues and expenditures, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

ARCHITECTS LICENSING BOARD OF NEWFOUNDLAND AND LABRADOR

Notes to Financial Statements Year Ended September 30, 2018

Description of operations

Architects Licensing Board of Newfoundland and Labrador (the "Association") was created to oversee and enforce the rules governing architects in Newfoundland and Labrador under the Architects Act, 2008, as well as to promote and increase the knowledge, skill and proficiency of its members.

1. Summary of significant accounting policies

Basis of presentation

The Association prepares its financial statements in accordance with Canadian accounting standards for not-for-profit organizations.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates are periodically reviewed and any adjustments necessary are reported in earnings in the period in which they become known. Actual results could differ from these estimates.

Cash and cash equivalents

Cash is defined as cash in bank, cash on deposit and short term deposits with maturity dates of less than ninety days, net of cheque issued and outstanding at the reporting date.

Financial instruments policy

Financial instruments are recorded at fair value when acquired or issued. In subsequent periods, financial assets with actively traded markets are reported at fair value, with any unrealized gains and losses reported in income. All other financial instruments are reported at amortized cost, and tested for impairment at each reporting date. Transaction costs on the acquisition, sale, or issue of financial instruments are expensed when incurred.

Income taxes

The association is a not-for-profit organization without share capital and is not subject to corporate income tax under the Income Tax Act.

Fund accounting

The Association follows the restricted fund method of accounting for contributions. The General fund accounts for the organization's program delivery and administrative activities. This fund reports unrestricted resources.

Revenue recognition

Licenses and examination fees related to general operations are recognized as revenue of the General Fund in the year in which the related expenses are incurred.

Other revenue is recognized when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

2. **Budget comparative figures**

The 2018 budget figures presented in the statement of revenues and expenditures are figures provided by management and have not been audited. These figures are included for the convenience of the reader only.

3. **Financial risk and concentration of risk**

The Association is exposed to various risks through its financial instruments and has a comprehensive risk management framework to monitor, evaluate and manage these risks. The following analysis provides information about the Association's risk exposure and concentration as of September 30, 2018.

Credit risk

Credit risk arises from the potential that a counter party will fail to perform its obligations. The Association is exposed to credit risk from members. The Association was established under the Architects Act 2008 and is authorized to licence architects in the province of Newfoundland and Labrador. In order to practice as a professional architect the individual must be licensed. The Association has a significant number of members requiring licences which minimizes concentration of credit risk. Management believes that this risk is minimal. There has been no change to this risk exposure from the prior year.

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Association is exposed to this risk mainly in respect of its receipt of funds from its members. Management believes that this risk is minimal. There has been no change to this risk exposure from the prior year.
